

VOR Check Log

Tail Number: _____

Check must be completed within last 30 days in order to fly IFR using the VOR system. For each check, record the date, location, and type of check from the list below. Record the error in the appropriate column (if using dual VOR check, put the actual radial readings). See 14 CFR 91.171 for full details.

Check Type	Check name	Max. error (degrees)
1	VOT signal	+/- 4
2	VOR checkpoint (surface)	+/- 4
3	VOR checkpoint (airborne)	+/- 6
4	Dual VOR check	4 (difference)
5	Self selected (airway)	+/- 6

Date	Location	Check Type	Error/Value		Pilot Signature
			VOR1	VOR2	
Jan 1 2019	TNU VOR (20nm W)	4	281	280	<i>John Q. Pilot</i>
Feb 1 2019	DSM VOT	1	-2	1	<i>John Q. Pilot</i>
